To Whom It May Concern,

I welcome the opportunity to recommend Kathy Kell and Legal Accounting Bureau to you.

I have been a client of Kathy's since she started Legal Accounting Bureau and I have been very satisfied with prompt and personal service.

I operate a busy law firm that specialises in property transactions and it is imperative that my trust account ledger is up to date at all times. Kathy was easily able to transfer my data to her system and had me up and running in no time. I simply send in copies of the transaction entries to Kathy with a copy of an up to date bank statement and Kathy reconciles my trust account ledger on a daily basis as required. As we are constantly reconciling it makes the end of month reconciliation as breeze.

It also helps immensely that Kathy is an experienced legal executive who understands what is happening in the background of a property transaction.

Kathy provides excellent personal service at a very reasonable rate and is also able to do the accounting required for the practice account and GST returns.

I am fully confident that you will be as happy with Kathy's service as I am as she works to a very high standard and is very focused on customer service.

Kind regards,
Virtual Law Limited

A handwritten signature in dark ink, appearing to read "M. Hollins", with a stylized flourish at the end.
