To Whom It May Concern

Legal Accounting Bureau

I am a current client of Legal Accounting Bureau.

I have been very satisfied with the legal accounting work done by Kathy Kell;
I have found her to be very efficient, capable and most pleasant to deal with.

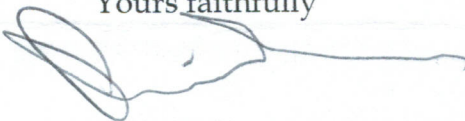

Kathy has provided me with an excellent service to date producing the required reports and printouts as well as processing any fees in a minimal turnaround time.

I have found this to be a very personalized service and Kathy will immediately contact me with any end of month queries which she has efficiently resolved with a minimum of fuss.

As a sole practitioner, it has given me peace of mind to have the trust accounting taken care of by Kathy so efficiently allowing me to concentrate on running my practice. All data and ledgers are promptly provided. I understand that the backing up my trust account has also been taken care of.

On the basis of my experience to date I know of no reason why Kathy should not provide what I have considered an excellent service at a very reasonable cost to any other law firms and sole practitioners.

Yours faithfully

GREGG A. SCHNEIDEMAN
