## Legal Accounting Bureau

I am a very satisfied customer of Legal Accounting Bureau and am very happy to commend Kathy Kell and her company. Changing over to Legal Accounting Bureau was a completely painless exercise; Kathy had the new system up and running within days.

Kathy provides an excellent service and the work turn around is extremely prompt. It has been a pleasant surprise at the end of each month how quickly the monthly reconciliation is completed.

I am happy to provide a further personal reference if any prospective customers wish to contact me.

Yours faithfully
